Healthier Lifestyle CMHC

Accessibility Statement

We are committed to providing a website that is welcoming and usable for people with a wide range of abilities and access needs.

Statement dated July 17, 2026

Our Accessibility Target

WCAG 2.2 Level AA is the design and testing target for this website. This statement does not claim perfect compliance, formal certification, or that every user will encounter the site in the same way.

Accessibility Features

The website is designed to support access with keyboards, screen readers, browser zoom, and common assistive technologies.

- Semantic page landmarks and a consistent heading structure
- A skip link for moving directly to the main content
- Keyboard-operable navigation and visible keyboard focus
- Form labels, instructions, error summaries, and status messages
- Color contrast designed to meet the WCAG 2.2 Level AA target
- Readable line lengths, responsive layouts, and support for text zoom
- Meaningful alternative text for informative images
- Reduced-motion support and no autoplay or flashing content
- Links and controls designed with practical touch-target sizes

Known Limitations

Some third-party websites linked from this site are outside our control and may not provide the same level of accessibility. Differences among browsers, devices, assistive technologies, and user settings may also affect the experience.

We continue to review the website and welcome reports about barriers that testing may not identify.

Report an Accessibility Issue

If you have difficulty using this website or need information in another accessible format, please contact us by phone or email using the contact information shown on this website. Tell us which page or feature caused difficulty and, if you are comfortable doing so, the browser or assistive technology you were using.

We will use the information you provide to understand the issue and work toward a practical response.

Statement Updates

This statement should be reviewed when the website changes or when accessibility testing identifies a material issue. The statement date will be updated after a substantive review.

To report an accessibility barrier, email healthierlifestylecmhc@gmail.com or call (818) 277-3868.
